The best of both shopping and nightlife on Phuket are centred in Patong, and are only a short from the Seaview.

# The Star of Patong Beach

he Pearl of the Andaman" ...it's a common nickname for Phuket Island. But to many who come here to enjoy its pristine, palm-lined beaches and the warm, crystal waters it's simply paradise.

The coral reefs teem with colourful life. Verdant jungles await to be explored. Scores of isolated islands allow one to escape and find absolute tranquillity.

And there's much more.
